# Bulahdelah Central School

*Presents...*

## PRINCIPAL'S REPORT:

We have seen an increase in Primary student numbers here at Bulahdelah Central School in 2019. This has allowed us to create another class in the Primary area. We now have stand alone classes for Year Four, Five and Six.

Our talented students demonstrated the *importance* of drama and the *performing arts in education* last week with the outstanding presentation of the Addams Family Musical. The skills developed by all students involved during the production and performance of the musical, including behind the scenes are considerable. Drama students learn to approach situations in an array of different manners which can help them develop creative thinking and new analysis techniques. These techniques also help improve their confidence which *benefits* public speaking opportunities. I would like to acknowledge all students who were involved in the Addams Family Musical, you did yourselves proud. I would also like to acknowledge Mrs Shultz and staff for all the hours they spent on the school musical. Without the dedication and commitment by staff these events would not occur.

Sun safety remains an important health and safety issue for all schools. Recently I have noticed on Primary sports day students arriving at school without a hat in their possession. We encourage students to wear hats that protect the face, neck and ears when outside for play, sport and teaching. Expectations are Primary students must have a hat to participate in outside activities. Remember, NO HAT, NO PLAY.

Recently we had several Primary students represent Bulahdelah Central School at the Young Leaders Day in Sydney. The event was held at the International Conference Centre at Darling Harbour. During the day students listened to a variety of high profile speakers. (*Debbie Booth has a full report on this day on page 10 of this newsletter*).

I would like to thank our students, who represented our school, as well as Chris Gladys and Debbie Booth who accompanied the students. *George Frangos*

Australia has the highest rate of skin cancer in the world. Two in three people who spend their life here develop some form of skin cancer. Most skin cancers are caused by ultraviolet (UV) radiation from the sun. Children have sensitive skin, which places them at particular risk of sunburn and skin damage. Infact, exposure during the first 15 years of life can greatly increase the risk of developing skin cancer late in life. Most skin cancers can be prevented by reducing exposure to UV radiation.

Primary schools are a significant setting for promoting positive sun protection behavior. Schools have the potential to make an important contribution to reducing the lifetime risk of skin cancer of children in their care because: Students attend school 5 days a week and are often play outdoors when UV radiation levels are high.

- Teachers play an important role in influencing students knowledge, attitudes and behaviour.
- Teachers have the opportunity to educate students and families about the importance of sun protection and help establish lifelong behaviours.
- Sun protection measures complement the OH&S and Duty of Care policies already in place in schools.

## Lest we Forget

10:30am

# The Addams Family

The curtains have closed on another successful musical. The sets and performers brought to life our usually drab school hall and transformed it into a graveyard and haunted house. Our Year Years 11&12 Vertical Curriculum Senior Drama class has worked tirelessly for 3 months to recreate this memorable family. For the fabulous design team and their volunteer helpers, countless hours have been spent, including after school and holidays, to create a visual extravaganza of set, make up and costume.

The choir have rehearsed twice a week at lunchtimes to rehearse 15 songs ranging from the controversial Michael Jackson, to Abba, Pink and Taylor Swift. It has been delightful to watch this enormous choir learn tunes, lyrics and quirky choreography with soooooo much enthusiasm.

Our dance ensemble was our largest yet with 35 Years 7-11 girls donning tutus and paraphernalia from our ancestors passed. The audience area of our hall had to be reduced to accommodate their energetic swing, contemporary and ballroom routines.

The cast have rehearsed Monday and Wednesday afternoons until 6.30pm, where creative vision and dramatic flare have combined to present an array of crazy characters. Five of our eleven lead actors are new to our stage and have really stepped up joining some of our experienced performers to sing and dance their way through two eventful acts.

The stage crew have worked together beautifully to ensure the sets turn, the lights captivate and the sound effects transport us into the world of The Addams Family.

I couldn't be more prouder of our team. They have demonstrated commitment, flexibility, initiative, creativity and ultimately, excellence. These skills are to be valued.

Thank you to our parents who have supported their children in this performing arts showcase. Lasting memories are made from such school experiences. *Vanessa Shultz - Head Teacher English*

**Ancestor & Dancers:** *Caily Aberhart, Kasey Biffin, Amber Cunningham, Bella Davis, Larissa Dawes, Amelia Fenwick, Abby Fenner, Olivia Fitzgerald, Breanna Foran, Raelee Kierans, Gracie Kitchen Taylah Kroh, Charlise Luxon, Chloe Marlin, Mia McDonald, Georgia McKillop-Davies, Khloe Middleton, Sasha Middleton, Elise Miles, Kalani Minns, Elle Newlin, Annee-Rose Perry, Carol Poniris, Izabell Read, Kaitlyn Smith, Lilly Stack, Sophia Stubbs, Claire Terry, Daisy Wilton.*

## Director's Note

I have found it both challenging and rewarding being a director. With the help of Assistant Director Holly Towers and the wonderful Vanessa Shultz helping me along the way we have completed yet another Bulahdelah Central School musical.

We have learned to collaborate together, despite our creative differences. The process of putting on a musical isn't easy. I'm glad to have had such great people to work with. We have all put in so many hours of set painting, choreography, learning lines, creating crazy costumes and dance routines. Most importantly, we've supported each other through learning and working as a team together.

I had a strong vision of how I wanted the actors to present their quirky characters. I found it very interesting to find songs to suit each individual family member and their story-line. Who can do a musical without Michael Jackson and Abba?

It feels amazing to see the finished product of all our hard work. The Addams Family is a very well-known and loved musical; one to laugh at as we see how outrageous the Addams' actually are.

Maybe we all have a little kookiness in all of us... A big thank you goes to our parents and the audience.

We hope you enjoyed the Addams Family Musical of 2019 presented by Bulahdelah Central School.  
*Scarlett Battle - Year 12 student/Director*

**Brendan Wilkinson (L)** - A newcomer to the Bulahdelah stage. Brendan's talent was revealed in a class Hamlet production, playing the part of Polonius. Brendan has overcome his stage nerves to create a quirky Gomez. His sweet singing voice and wicked laugh will delight audiences.

**Imogen Stewart (R)** - Mama Mia! The talented Imogen Stewart steps up this year to take on the role as the sultry Morticia Addams. Imogen has previously shone in smaller roles as a crow in the Wizard of Oz, a dancer and was a valued crew member in past productions. Imogen's sassy nature and natural dance ability make her the perfect Morticia (except for her very blonde hair).

**Scarlet Battle (R)** - Scarlet again delights in a lead role as "not so angelic" Wednesday Addams who loves violence and bloodshed. Scarlet was previously sweet Dorothy in the Wizard of Oz, and naïve Frenchy in Grease. This character is challenging. Scarlet powerfully sang her way to happiness?

**Tahlia Mancini (L)** - Another newcomer to the Bulahdelah school stage. Tahlia is a dancer who has enjoyed playing Juliet in Romeo and Juliet and the evil Claudius in Hamlet in a class play. Her strong, independent nature is perfect for the torture loving Pugsley Addams. Tahlia easily gender swaps, donning a great wig and exploding across the stage.

**Jake Billingham (FC)** - The delightful Jake plays himself in his first stage role at Bulahdelah. Jake was 'discovered' in year 10 English when given the starring role of Hamlet in a class play. When asked by Mrs Shultz if he could sing, he replied, "maybe!" Jake does indeed dance and sing and he is captivating as the young man who steals Wednesday's heart.

**Holly Towers (L)** - Great to see Holly in a large role as Alice Billingham from Bungwahl. Holly has previously starred as a key dancer and has shown her singing talents. This year we see Holly entertain as the yellow-wearing, rhyming preppy mother who believes that keeping a secret is the best way of having a perfect marriage.

**Emily Roberts (R)** - Emily returns to the stage after her successful 'bogan' performance of Tin-girl with the 'achy breaky' heart in the Wizard of Oz. Emily originally auditioned for the role of Wednesday, but casting thought she would be more suited in a different role. In this production she plays the preppy dad, Mal Billingham from Bungwahl, shocked by the weird ways of the Addams family of Bulahdelah.

**Lachlan Rutter (L)** - The loud and cheery voice of Lachlan returns for another year of musical performance! Stepping up from minor roles, to take on the role of the silly bald sausage that is Fester Addams. He hopes to bring a comedic overshadow to his performance. And did anyone know that Lachlan loves swing music and he can sing!!

**Ashleigh Dorney (R)** - Whilst Ashleigh has been on stage for school captain and singing songs for assembly, this is her first time in a drama role. When Ashleigh first heard it said that Hunter Bramble was too cool to be in the musical now that he was in year 11, Ashleigh hilariously said that, "finally, I'm cool enough!" Ashleigh was too shy to audition, but kept turning up to rehearsals, so we've added her to the family as Cousin It, in a hairy costume made of bed sheets and hula skirts. Ashleigh has a great voice and we have discovered she's keen to dance across the stage. See if you can spot her under the endless hair. It's great to see a Dorney on stage performing. Ashleigh also revealed her family talents with her help painting and set building.

**Liam Garemyn (L)** - Liam lives in Bulahdelah in a large acting family (similar to the Addams). He follows in his family's footsteps in a quirky role as the zombie butler, Lurch. This is vastly different than his previous performance as Vince Fontaine in Grease. This year, Liam challenges himself in a comic role, who doesn't talk, but only grunts loudly. This has been fun watching Liam develop his character and voice. It's also been great watching him learn choreography and singing a solo.

**Molly Perry (R)** - The Amusing Molly graces the Bulahdelah stage for the first time in the role of crazy old Grandma Addams, from Markwell. Molly offered to give the role "a red, hot crack" with her grandma moves and humour.

Crew: Charlotte Collins, Toby Crispin, Amelia Fenwick, Madison Hurtado, Claire Kennedy, Tahlia Mancini, Indiana McDonald, Shona Miller, Emily Roberts, Olivia Scannell, Caitlin Swain, Maddi Tassell, Beau Thatcher, Jack Thompson, Zac Watt, Brendan Wilkinson.

***The Choir:** Charlise Bonfield, Ariel Case, Zachariah Chatfield, Ruby Dibley, Deanna Jenner, Carly Green, Jada Hall, Kai Harvey, Chelsea Hayley, Mia Hope, Andrew Kent, Charlise Kerry, Preston Kerry, Grace McRae, Zackery Moran, Alexis King, Sheena Lamborn, Jaida Morgan, Abbiegail Ray, Kleon Reid, Shavenah Reid, Cooper Sams, Annabelle Smith, Sebastian Stafford, Anna-Lynne Styles, Mindy Sullivan, Nikita Wheaton, Ryder Wheaton, Xavier Wheaton, Cruz Wicks-Hope*

# VACCINATION

The NSW Health/Community Health vaccination team will be visiting the school again this year to provide free HPV (Human Papillomavirus) and d'Tpa (diphtheria, Tetanus, Pertussis) immunisations for students in Year 7. Information packs about this program have gone home with students.

The immunisations will be administered at school during 2019 on Thursday, 4th April and Thursday, 24th October.

Parent /Carer consent forms are located within the information packs and need to be returned to the school office by Monday, 1st April.

If you have any questions about the program please contact Desley Tiedeman, School Immunisation Program Co-ordinator, on 6592 9322. *Warren Jones - Head Teacher Wellbeing*

**REL. DEPUTY PRINCIPAL:**

**Lights, Camera and Action**

Over the past week, the school performed the school musical 'The Addams Family'. Congratulations to Vanessa Shultz and the entire cast and crew for an amazing overall production. It was fantastic to see how both the Primary and Secondary students showed their determination in their performances and their excellence to achieve this production.

Over the past couple of weeks I have had the pleasure to accompany students and teachers to various excursions. Including the Girls iSTEM in Newcastle and the Primary Leadership conference in Sydney. This gives our students the opportunity to interact with other students from other schools. (see full reports on pages 11 & 12)

The Drive4Survival Road Safety course has now been in operation for two of the four weeks. We have had positive feedback from students about this course and I can't thank Warren Jones enough for his organisation and coordination of such an important course. I would like to also acknowledge and thank the students and family members that have come along for the evening sessions.

I would like to remind students and parents that no one should be on school grounds before or after school hours including weekends. Unfortunately we had an incident with students and young people of the community breaking into classrooms.

Unfortunately senseless vandalism of any kind or measure has an impact on our school, often meaning that students are unable to utilise areas of the school.

**Up & Coming Events - Term 1**

- The whole school Cross Country will be held on Wednesday, 20th March.
- Bill Turner Cup soccer day for U/15 boys and girls on 21st March in Taree.
- Years 7-12 Mid-Course and Preliminary exams will be held on 1st to 5<sup>th</sup> April. Students should be preparing for their exams by revising their notes and assessments to date and asking their teachers for details about what will be included. Parents can assist their children by providing a quiet space to study, asking questions about their learning and ensuring that they have all the required equipment.
- 8th April will provide the opportunity to congratulate students at our PRIDE assembly for Term 1.
- Anzac Assembly will be held on Wednesday, 10th April 10:30am.
- Reward day and Royal Easter show excursions on Friday, 12<sup>th</sup> April. *Chris Gladys*

# Drive4Survival

Following on from the success of last years program, this excellent road safety education initiative for students in Years 10, 11 and 12 will be delivered for the second time in 2019 at BCS. Parents/carers of students are also more than welcome to attend with their child - a great idea as it is often that the parent/carer is currently supervising the learner driver.

Year 11 students that attend all 4 sessions will be given 8 hours of time credit towards their completion of the compulsory NSW Department of Education Life Ready course. This has been explained to students at the whole school assembly.

For school based enquiries, please contact Mr Jones. For Drive4Survival enquiries, please call the contact on the flyer.

Looking forward to seeing you at the program.  
*Warren Jones - Head Teacher Welfare*

**Drive  
4  
Survival**

**A four week  
driver education program  
that will raise the awareness of road safety  
for new drivers and their families.**

**Dates:** March - 4 x Wednesdays 6, 13, 20, 27  
**Time:** 6.30 - 8.30 pm  
**Place:** Bulahdelah High School

Presentation topics will include: causes & consequences of car crashes, drugs & alcohol, head & spinal injuries, strategies for safer driving & information on the free *keys2drive* lesson which is funded by the Australian government.

The cost of the program is \$20 a family. This includes a FREE First Aid Certificate (conditions apply).

# Aboriginal Dance Workshops

On Friday, 22nd February Michelle Gray took 13 students to Newcastle to take part in the 2019 Arts Initiatives NSW Public Schools Secondary Aboriginal Dance Workshops. This was presented by the Arts Unit in partnership with the Bangarra Dance Theatre's Youth Program.

Three dancers from the Bangarra dance troupe were on hand for the day to put the students through their paces. During the course of the day, students took part in activities ranging from a trivia session designed to increase their knowledge of prominent Aboriginal figures. They also learnt basic step work and new choreography of Torres Strait Islander design. The following students who attended the Bangarra workshops were: Dakota Edgerton, Sally Curnow and Abby Fenner were joined by new

students Elle Newlin, Izabell Read, Sasha Middleton, Skye Brown and Shakayla Johnson. Other first-time attendees who were already members of BCS's Koori Kids Performance Group were Thomas Doyle, Kasey Biffin, Breanna Foran, Khloe Middleton and Harrison Hughes.

This was the first year that workshops were run in Newcastle which allowed a large number of our students to attend. Our workshop participants will pass on their newly learned skills to other students who make up the Koori Kids Performance group. This will help them prepare new dances for this year's NAIDOC activities which will be happening at the end of Term 2. The theme for NAIDOC 2019 is: 'Voice. Treaty. Truth.' *Michelle Gray - Teacher*

Regional  
Development  
*Australia*  
H U N T E R

**STEM**  
WORKFORCE INITIATIVE

Last week twenty female students from BCS joined with other female students from Dungog High School and Gloucester High School to participate in a two-day Girls in STEM (Science, technology, engineering, and mathematics) workshop. Throughout the first day students had the opportunity to engage with Boeing Defence Australia employees. These inspirational women outlined the importance of women in STEM, now and into the future. They encouraged our female students to explore the breadth of opportunities in Science, Technology, Engineering and Mathematics.

In the afternoon students participated in an industry visit to Port Waratah Coal Services. They learnt about exporting coal and the importance of the role female Engineers play in this process.

To coincide with 2019 International Women's Day on the second day we travelled to Dungog High School. Students engaged in a hands-on full day workshop run by Dr Jenine Beekhuizen, Founder of the Tech Girls are Superheroes Movement.

After identifying a problem, students generated ideas and started to develop their own app. It was great seeing this group of girls collaborating and use their STEM skills during this day to produce some quality products.

The two days allowed students to reflect on their abilities and strengths in the area of STEM. They also developed an understanding of the wide scope of possibilities for their own future. *Jody Mostyn - Teacher Librarian*

**DEPUTY PRINCIPAL  
INSTRUCTIONAL LEADER:**

**Young Leaders Day 2019**  
*“One small action can  
make a difference,”*

said Tim Diamond, an executive of the ‘Cotton On’ Foundation.

That certainly was true when our bus ‘popped the inner back tyre’ on the freeway, about one hundred metres shy of the Mount White Checking Station on the way to Sydney Sunday, 10th March. Our excursion had now reached adventure status, as we limped in slowly to the truck weighbridge area.

As our Year 6 school leaders- Nate, Blake, Taylah, Isabella, Ellie and Peter alighted with the nine leaders from Tea Gardens Public School, another small action made a difference. The Police Drug Bus pulled in, and along with an RMS Officer, Matt Phair (past BCS teacher) and Mr Gladys they worked together as a team to change the tyre. Without their help we could have been stuck for hours. During our wait we were also invited into the drug bus to have a firsthand look at their operations.

Booral Public School students joined us on arrival in Sydney to visit Madame Tussuads Wax Works and the Sydney Sea-Life Aquarium.

On Monday we attended the International Conference Centre at Darling Harbour for the Young Leaders Conference. The day began with Tim Diamond speaking about the Cotton On Foundation, and by selling cloth bags, water and ‘EMPWR’ bracelets in their Cotton On stores. They have raised over 90 million dollars which has gone to assist communities in Uganda, Thailand, South Africa and more recently remote Northern Territory communities. Their main aim is to *empower youth through quality education*. They also set up sustainability projects within these communities. In Uganda they have built not only schools but a special toilet system that uses ‘poo-power’ to fertilise the crops and produce gas for cooking and reliable electricity for their homes.

Our next speaker was Tamsin Janu, who as a young student of 6 years of age was passionate about writing. After working as a volunteer in Ghana, she studied law at university before becoming an award winning children’s author. She is recognised for her fictional books based around a resilience theme, producing the books titled, “Figgy in the World” and “Blossom.” Her advice to us: plan a project you are passionate about and have the courage to carry it through. She encouraged us to always find ways to challenge ourselves, learn new things and be unique!

Following lunch, Olympic swimmer Cate Campbell shared her bag of life with us. Her bag contained:

- ◆ Her goggles – so she could see her goals clearly through the water.
- ◆ Her pull board – which encourages her to work to her strengths, turning obstacles into opportunities.
- ◆ Her stopwatch - so she can check how she is going and what she has already achieved. She needs a person to use the stop watch to guide, support and challenge her objectives
- ◆ Her team mates (photo) – You need to surround yourself with like-minded people to create a successful environment for yourself.
- ◆ Her medals – that represent the result after years and years of hard work and an inspiration when things just aren't going quite right.

She ended her talk with her favourite quote from Rudyard Kipling,

*“To meet with triumph and disaster, treat the two the same.”*

What a great way to demonstrate inner resilience!

Our last speaker was Australian Women's cricket medium-paced bowler, Holly Ferling, who talked about her cricketing career as 'scary, but exciting.'

Growing up Holly played in the men's competition, where there were no favours shown because of her gender, and at the age of 14, scored her first hat trick. Later, as women's cricket was evolving, she played for the Brisbane Heat and was selected to play internationally, but was plagued by injury. She believes these setbacks happen for a reason and you need to use these setbacks as an opportunity to refresh, refocus your thinking and ideas. In the words of a famous song- "I get knocked down, but I get up again."

What we thought of the day:

**Isabella:** *Awesome! It showed us that all successful people start small!*

**Taylah:** *Cate Campbell was great because she represented her life with everyday things- So simple!*

**Blake:** *Every famous or successful person there, was once a kid just like us.*

**Peter:** *It doesn't matter what you do, you just need to be passionate about it.*

**Ellie:** *Interesting! It showed us what makes people successful.*

**Nate:** *There was a variety of activities. We had the opportunity to meet students from all over NSW.*

In closing I would like to thank our students, who represented our school with pride and demonstrated leadership. Thanks to the parents for allowing them to go and Mr Gladys for driving us to Sydney and back.  
*Debbie Booth*

# WOW

## SCIENCE

In Science this term Years 5&6 have been doing a unit on forces. The last few weeks we have been looking at gravity and friction. Students designed and made individual parachutes and tested their designs to see the effect friction and gravity had on their parachutes.

Students then reflected on their individual designs and suggested modifications they could make to improve the effectiveness of their parachutes.

*Danielle Davy - Primary Teacher*

# problem solving

## Quantitative Reasoning and Problem Solving

It is a common skill for Primary and Secondary school students to use quantitative reasoning to estimate numbers in daily life. For example, when students try to figure out how many jelly beans are in two jars, or how many jelly beans will each of their friends receive if they decide to share with other students. Thus, they will use quantitative reasoning and problem solving to estimate the amount.

In taking this skill further, the Mathematics faculty has initiated the 'Fortnightly Mathematical Challenge' to engage students and their parents in quantitative reasoning and problem solving. The questions will be fun and exciting and be aimed at Bulahdelah Central School students from Primary to Secondary.

This will help encourage enthusiasm, boost confidence in mathematics and show the many different ways questions can be asked. Our faculty believes in the importance of problem solving as a means of helping students develop their reasoning skills.

## Instructions:

Solutions to the problem showing all necessary working on an A4 sheet of paper are to be put in the box at the top of the stairs leading to the teachers staffroom. Students name and year should be written at the top of the page.

Correct solutions will be placed in a draw for a prize. A Secondary and Primary draw will be made for each question. *John Duncan - Maths teacher*

## Question

Jessica made 121 hotdogs for her Christmas party. There were 16 male and 18 female guests. Each male guest ate 1 more hotdog than each female guest. Each of the female guests, including Jessica, ate an equal number of hotdogs. How many hotdogs did each male guest eat?

## Tell Me a Story

Competitions for students Year 5 to Year 9

### Writing competition

is now open.

**Closing Date: Thursday, 4<sup>th</sup> April 2019**

### Illustration competition

will be based on selected stories entered.

**Registration of interest is now open.**

Winners of each competition will be announced in the **Great Lakes Advocate**.

Awarded stories and illustrations will be displayed at the **Lake Street Gallery, Forster**.

Students receive feedback from local writers and local artists who judge their entries.

There are prizes to be won in each competition:

**Section 1: Years 7-9 three \$100 prizes**

**Section 2: Years 5-6 four \$50 prizes**

Depending on funding, there may be a certain number of smaller prizes. No entry fees.

**For conditions of entry, registration and more info check our website [www.tell-me-a-story.org.au](http://www.tell-me-a-story.org.au)**

# BULAHDELAH SOCCER CLUB

## Bulahdelah Soccer Club registrations are now open for 2019 Winter Competition.

A new registration system is available for players this year. Please log onto [playfootball.com.au](http://playfootball.com.au) and follow the prompts. We welcome all ages and abilities from 4 years and up. Come and join a team and have fun.

If you do not have internet access or are having problems registering, a committee member can be contacted on the phone number provided.

Registration/Training run and Interest day is:

## Tuesday, 19th March

at the soccer fields from 5:00 to 6:00pm.

All registered players will receive a Bulahdelah soccer club shirt.

The NSW Government Active Kids Voucher (\$100), for all school age children, can be used by applying online to Services NSW **BEFORE** registration. This voucher cannot be partially redeemed or payed after registration.

If you are interested in a role as coach, manager, referee or general helper for any ages, please email and let us know.

Fees for all competitions are listed below. Any further enquiries can be made to [bulahdelahsctreasurer@hotmail.com](mailto:bulahdelahsctreasurer@hotmail.com) or Jackie O'Connell on 0425 282 665.

**Computer/Services NSW help available at RTC.**

AGE	TOTAL FEES	WHAT YOU GET
<i>Town comp 5-7</i>	100.00	18 weeks of home soccer, ball, shinpads, trophies
<i>Town comp 8-11</i>	120.00	18 weeks of home soccer, shirt, trophy
<i>Town Comp 12+</i>	140.00	18 weeks of home soccer, shirt, trophy
<i>Travelling 12+</i>	180.00	Training Shirt
<i>Senior 15-18</i>	200.00	Training Shirt
<i>Senior 19+</i>	300.00	Training Shirt
